Constitutional Law

Professor Douglas E. Abrams

The required materials for the course are (1) Jonathan D. Varat & Vikram Amar, CONSTITUTIONAL LAW – CASES AND MATERIALS (15th ed. 2017), and (2) SUPPLEMENTARY MATERIALS ON CONSTITUTIONAL LAW (Prof. Abrams’ mimeo), which will be available on the TWEN page for this course.

Do not purchase any supplement for the casebook. I will explain on the first day of class.

* * *

The first day of class will be Tuesday, August 22. (No class the day before because of the Solar Eclipse.)

* * *

For the first class session, please read the Summary of Contents (pp. ix-xi). Also skim the Constitution (pp. 3-16) in the casebook. Be prepared to discuss the question, “What are the differences between a statute and the federal Constitution?”
