Class Schedule and Assignments (subject to change)

Discussion in class will inevitably cover some but not all of the material in the readings. Please do not expect that we will explicitly discuss all of the readings. Nonetheless, you are responsible for all the readings, and I may call on you with questions or include surprise quizzes on the readings from time to time. Above all, I hope that you will learn from all of the readings and find the class exercises helpful. If you have questions or concerns about the readings or exercises, please let me know. Other students often have the same questions and it benefits us all for you to share your questions and concerns.

NOTE:

1. The week of Nov. 4, we are doing a Mediation Simulation Exercise! Set the dates and times aside now, as you must participate in this exercise for the class!
2. Monday 11/4 at 9 AM— The room is TBD (Note that this extra class means NO class on Tuesday, 11/5!!) ***Moreover, this is a special class on Mediation: Effective Advocacy & Ethics! Professor Levin, who teaches Mediation and runs the Mediation Clinic, will hold a joint session with his Lawyering class to help get you ready for the capstone exercise!
3. We will have no class on Oct. 29 & 31 but we are adding 5 min. to each class in order to make up this time

8/20
